

Cambridge 29th Nov - 64

Dear Mr. Allen.

100 thanks for the
nets of *Oleumatis*th - so neatly
packed, and for all your
kindness. But I have
not a moment now in which
to thank you. - Distractingly
busy.

Certainly *Polyommia urticae*
is most new for New Jersey.
~~But~~ as much so as *Franklini*.
But I should have thought it
introduced. Not sure?

I supposed I had spoken of it.

Excuse such brief acknowledg-
ments. I am beginning to ~~go~~
move into new quarters.

Ever Yours truly

A Gray
